

Central Hesse – The Perfect Place for Family and Career

Central Hesse is not only an excellent career choice, it is also a great place to live and raise family. The region is extremely family-friendly. Wetzlar, for example, was voted Hesse's most family-friendly community in 2002.

Central Hesse's kindergarten placement rate is at 103%. Countless daytime and afterschool care facilities have been established within the region in the past few years, providing care and supervision for children after 13.00 h. This enables parents to remain gainfully employed and makes it easier to juggle the everyday demands of family and career.

Central Hesse's vocational training and higher-education opportunities are extensive. The region offers 700 general-education schools, countless job training centres, trade schools, vocational schools and three renowned universities.
